

A place to share beautiful images of interior design, residential architecture and occasional other fields.

Expect a variety of pictures that please and capture the imagination.

For questions about a particular image, please include specific post details (or search the information about the professionals credited in the post). Hitting the "Ask" from an individual post page does NOT automatically include the image details in your message. It is almost impossible to respond to such messages. :)

Ask me anything (but please read the paragraph above first)
